Ace Coil Mfg. Line Card

Coil Applications

- Hydronic Coils
- Roof Top
- Evaporators
- Condensers
- Oil Coolers
- Heater Cores
- Booster Coils

Coil Types

- Direct Expansion
- Chilled Water
- Low Pressure Steam
- Hot Water Water

Tubing Diameters

- 7mm
- 5/16"
- 3/8"
- 1/2"
- 5/8"

Available Fin Patterns

- 30 different Fin Patterns Available depending on customer performance requirements.

Fittings and Tubing

- Tubing Diameters – 1/4" to 2"
- Multiple Bends with different Radius's and Fittings
- Available in Copper, Aluminum and Steel
