Mortex COVID-19 Statement

(03/20/2020)

Our goal during this time is to ensure the health and safety of our employees, families, customers, suppliers and communities while also continuing our business operations to support our customers. Our offices and manufacturing facilities remain open and operate business as usual with increased sanitation practices and a restricted visitor policy. We've restricted travel to minimize risk to our employees in the course of their daily work and in support for public health efforts to contain the virus.

The situation regarding the coronavirus (COVID-19) pandemic continues to evolve, requiring our company to adapt quickly to a variety of issues never anticipated.
This site will be updated as new information becomes available.
